Discover the remarkable story behind our relationship with aromatic plants and their oils. Essential oils may seem like a modern wellness trend, but our fascination with aromatic plants reaches back thousands of years. Join us for a fascinating journey through history as we explore how different cultures discovered, used, recorded and transformed the way we understand aromatic plants and their extracts.

A Journey Through Time

Cro-Magnon Man | Ancient China | Ancient Egypt
The Bible | Ancient Greeks | Ancient Romans | Avicenna
Black Death | Pharmaceutical Isolates | Modern Times

More Than Just A History Lesson

Discover how our understanding of essential oils has evolved — and why the story of these remarkable plant extracts is still being written today.
